1. Welcome and Institute Overview

Northbridge Institute of Technology & Management (NITM) is a fictional teaching institution created for sample purposes. It offers undergraduate programmes in management, software engineering and engineering. This handbook describes the academic rules that apply to students admitted in the 2026-27 academic year.

1.1 Vision and values

• Learning by doing: every programme has project-based coursework.

• Industry alignment: curricula reviewed yearly with an advisory board.

• Integrity: zero tolerance for plagiarism and cheating.

• Inclusion: equal opportunity and accessible learning support.

1.2 Academic structure

School	Programmes	Head of School (placeholder)
School of Management	BBA	Dean, Management
School of Computing	BSE, BE (CSE, IT, AI and Data Science)	Dean, Computing
School of Engineering	BE (ECE, Mechanical, Civil, Electrical)	Dean, Engineering

2. Academic Calendar 2026-27

Event	Date
Orientation for new students	3 - 7 August 2026
Odd semester classes begin	10 August 2026
Fee payment deadline (instalment 1)	10 August 2026
Mid-semester exams (odd)	5 - 14 October 2026
Diwali break	19 - 23 October 2026
End-semester exams (odd)	7 - 24 December 2026
Winter break	25 December 2026 - 3 January 2027
Even semester classes begin	11 January 2027
Fee payment deadline (instalment 2)	10 January 2027
Mid-semester exams (even)	8 - 17 March 2027
Annual day and cultural fest	26 - 28 March 2027
End-semester exams (even)	10 - 28 May 2027
Summer internship window	1 June - 31 July 2027
Results declaration	By 20 June 2027

Dates may change due to public holidays or administrative requirements. Changes are announced on the student portal.

3. Programme Overview and Credit Framework

Programme	Duration	Semesters	Total credits	Min. credits to graduate
BBA	3 years	6	132	132
BSE	4 years	8	168	168
BE	4 years	8	172	172

3.1 Credit definition

One credit equals one hour of lecture or tutorial per week, or two hours of laboratory work per week, across a 15-week semester. A typical semester load is 20 to 24 credits. Students may take up to 26 credits with advisor approval if their CGPA is 7.5 or above.

3.2 Course types

Code prefix	Meaning
CORE	Compulsory programme course
ELEC	Elective chosen from approved list
LAB	Laboratory or practical course
PRJ	Project, internship or capstone
AUD	Audit course, non-credit (pass/fail)

4. BBA Curriculum

The BBA is a 3-year programme with 6 semesters and a mix of core management courses, electives in the final year and a summer internship.

Semester	Courses (credits)
1	Principles of Management (4), Business Economics (4), Financial Accounting (4), Business Communication (3), Business Mathematics (4), Computer Applications LAB (2)
2	Organisational Behaviour (4), Macroeconomics (4), Cost Accounting (4), Business Statistics (4), Business Law (3), Environmental Studies AUD (0)
3	Marketing Management (4), Financial Management (4), Human Resource Management (4), Operations Management (4), Business Analytics LAB (3)
4	Consumer Behaviour (4), Corporate Law (3), Management Information Systems (4), Research Methods (4), Entrepreneurship (3), Summer Internship PRJ (3)
5	Strategic Management (4), International Business (4), Two electives from specialisation (8), Business Ethics (3)
6	Project Management (3), Two electives from specialisation (8), Capstone Project PRJ (8), Viva Voce (2)

4.1 Specialisations (Year 3)

• Marketing: Digital Marketing, Brand Management, Sales and Distribution.

• Finance: Investment Analysis, Banking and Insurance, Financial Derivatives.

• Human Resources: Talent Management, Labour Law, Compensation Systems.

• Business Analytics: Data Visualisation, Predictive Modelling, Supply Chain Analytics.

5. BSE Curriculum

The B.Sc. Software Engineering is a 4-year programme focused on software design, development, testing, and delivery.

Semester	Courses (credits)
1	Programming Fundamentals (4), Discrete Mathematics (4), Calculus (4), Digital Logic (3), Communication Skills (3), Programming LAB (2)
2	Object-Oriented Programming (4), Data Structures (4), Linear Algebra (3), Computer Organisation (3), Probability and Statistics (4), Data Structures LAB (2)
3	Algorithms (4), Database Systems (4), Operating Systems (4), Software Requirements Engineering (3), Web Technologies LAB (3)
4	Software Design and Architecture (4), Computer Networks (4), Software Testing (3), Theory of Computation (3), Human-Computer Interaction (3), Mini Project PRJ (3)
5	Software Project Management (3), DevOps and Cloud Computing (4), Mobile App Development (4), Machine Learning Foundations (4), Elective 1 (3)
6	Software Quality and Security (4), Distributed Systems (4), Elective 2 (3), Elective 3 (3), Industry Internship PRJ (6)
7	Software Process Improvement (3), Elective 4 (3), Elective 5 (3), Professional Ethics (2), Capstone Project Phase I PRJ (6)
8	Elective 6 (3), Open Elective (3), Capstone Project Phase II PRJ (12)

5.1 Elective tracks

• AI and Data: Deep Learning, Natural Language Processing, Big Data Engineering.

• Systems: Embedded Software, Compiler Design, Cloud Native Engineering.

• Product: Game Development, UX Engineering, Agile Product Management.

6. BE Curriculum

All BE students follow a common first year. Branch selection happens at the end of Semester 2, based on preference and CGPA, subject to seat availability.

6.1 Common first year

Semester	Courses (credits)
1	Engineering Mathematics I (4), Engineering Physics (4), Basic Electrical Engineering (3), Programming in Python (3), Engineering Graphics (3), Physics LAB (2), Communication Skills (2)
2	Engineering Mathematics II (4), Engineering Chemistry (4), Engineering Mechanics (3), Data Structures (4), Workshop Practice LAB (2), Chemistry LAB (2), Environmental Studies AUD (0)

6.2 Branch structure (Semesters 3 to 8)

Branch	Core themes	Seats
Computer Science and Engineering	Algorithms, OS, DBMS, Compilers, Networks, AI	60
Information Technology	Web systems, cloud, information security, data engineering	60
AI and Data Science	Machine learning, statistics, deep learning, MLOps	60
Electronics and Communication	Analog and digital circuits, signals, communication systems, VLSI	60
Mechanical Engineering	Thermodynamics, machine design, manufacturing, fluid mechanics	60
Civil Engineering	Structures, surveying, geotechnical, transportation	40
Electrical Engineering	Power systems, machines, control systems, power electronics	40

6.3 Sample CSE semester plan

Semester	Courses (credits)
3	Discrete Structures (4), Computer Organisation (3), Algorithms (4), Object-Oriented Programming (3), Probability (3), Algorithms LAB (2)
4	Operating Systems (4), Database Systems (4), Theory of Computation (3), Computer Networks (4), DBMS LAB (2), Mini Project PRJ (2)
5	Compiler Design (4), Software Engineering (3), Machine Learning (4), Elective 1 (3), Elective 2 (3), Networks LAB (2)
6	Distributed Systems (4), Information Security (3), Elective 3 (3), Elective 4 (3), Industry Internship PRJ (6)
7	Elective 5 (3), Open Elective (3), Professional Ethics (2), Major Project Phase I PRJ (6)
8	Elective 6 (3), Major Project Phase II PRJ (12)

7. Attendance Policy

Regular attendance is essential. A minimum of 75% attendance in each course is required to appear in the end-semester examination.

Attendance in course	Consequence
75% and above	Eligible for the end-semester exam
65% to below 75%	Condonation possible with valid reason and documents, fee INR 1,000 per course
Below 65%	Detained in the course; must repeat it in the next offering

7.1 Approved leave

• Medical leave with a registered doctor's certificate submitted within 7 days.

• Participation in institute-approved sports, cultural or academic events.

• Bereavement leave of up to 7 days.

• Maximum condonation: 10% of total classes in a semester.

7.2 Recording

Attendance is recorded each class and visible on the student portal. Students should report errors to the course instructor within 5 working days.

8. Assessment and Examination Rules

8.1 Assessment components

Course type	Continuous assessment	Mid-semester	End-semester
Theory course	20% (quizzes, assignments)	30%	50%
Laboratory course	60% (records, lab tests)	-	40% (practical exam and viva)
Project course	40% (reviews)	-	60% (report, demo, viva)

8.2 Examination conduct

• Students must carry the ID card and hall ticket; entry is not permitted after 30 minutes from the start time.

• Mobile phones, smartwatches and unauthorised materials are prohibited in the exam hall.

• Calculators are allowed only where the question paper states so.

• Leaving the hall is permitted only after the first 45 minutes.

• Possession of unauthorised material is treated as malpractice, even if unused.

8.3 Makeup examinations

A makeup exam may be granted for a missed mid-semester exam with valid documentation. No makeup is offered for the end-semester exam; the student may appear in the supplementary exam instead.

9. Grading System and CGPA

Marks (%)	Letter grade	Grade points	Description
90 - 100	O	10	Outstanding
80 - 89	A+	9	Excellent
70 - 79	A	8	Very good
60 - 69	B+	7	Good
50 - 59	B	6	Above average
45 - 49	C	5	Average
40 - 44	P	4	Pass
Below 40	F	0	Fail
Absent	AB	0	Treated as fail

9.1 Calculation

SGPA = sum of (credits x grade points) for the semester divided by total credits registered in the semester. **CGPA** = the same sum over all completed semesters divided by total credits registered. Audit courses and failed attempts replaced by a later pass are excluded from CGPA.

9.2 Class designation

CGPA	Designation
8.5 and above	First Class with Distinction
7.0 to 8.49	First Class
6.0 to 6.99	Second Class
5.0 to 5.99	Pass Class

9.3 Example

A student takes three courses: 4 credits with grade A (8), 3 credits with grade B+ (7) and 3 credits with grade O (10). SGPA = (4x8 + 3x7 + 3x10) / 10 = (32 + 21 + 30) / 10 = 8.3.

10. Promotion, Backlogs and Re-evaluation

10.1 Promotion criteria

Move to	Requirement
Year 2	At least 60% of credits from Year 1 cleared, and CGPA of 4.5 or above
Year 3	At least 70% of credits from Years 1-2 cleared, and CGPA of 5.0 or above
Year 4 (BSE, BE)	At least 80% of credits from Years 1-3 cleared, and CGPA of 5.0 or above

10.2 Backlogs

A failed course (grade F or AB) is a backlog. Students can clear backlogs in the supplementary exam held in July, or by repeating the course. A maximum of 3 attempts is allowed per course. The maximum time to complete a programme is the nominal duration plus 2 years.

10.3 Re-evaluation and grade improvement

• Re-evaluation of the end-semester paper: apply within 7 days of the result, INR 1,000 per paper.

• Photocopy of an answer script: INR 500, within 7 days of results.

• Grade improvement: one attempt per course, in the supplementary exam, for courses with grade C or below.

• The better of the two grades is retained, capped at grade A for an improvement attempt.

11. Internships, Projects and Capstone

Programme	Requirement	Timing
BBA	Summer internship (6-8 weeks), Capstone project	After Sem 2 / Sem 6
BSE	Industry internship (16 weeks), Capstone (2 phases)	Sem 6 / Sems 7-8
BE	Industry internship (12 weeks), Major project (2 phases)	Sem 6 / Sems 7-8

11.1 Internship process

• Students register on the career portal and submit an offer letter at least 2 weeks before the start.

• A faculty mentor is assigned and a mid-term review is held.

• A final report and employer feedback form are submitted within 14 days of completion.

• Evaluation: 40% mentor review, 30% employer feedback, 30% report and presentation.

11.2 Capstone and major project

Projects are done in teams of 2 to 4. Each team has a faculty supervisor, and the project is evaluated through three reviews, a written report (maximum 60 pages), a demo, and a viva voce before an internal and an external examiner. Plagiarism checks apply; similarity above 20% is not accepted.

12. Academic Integrity and Discipline

Academic dishonesty includes plagiarism, copying in exams, fabricating data, impersonation, unauthorised collaboration and misuse of AI tools where an instructor has prohibited them. Use of AI tools must be declared where permitted.

Offence	Typical penalty
First minor plagiarism (assignment)	Zero marks for the assignment, written warning
Repeat plagiarism or copying in a mid-semester exam	Fail grade in the course
Malpractice in the end-semester exam	Fail in all courses of the semester; possible suspension
Impersonation or forgery of records	Suspension for 1-2 semesters or expulsion

12.1 Process

Cases are reported to the Academic Integrity Committee, which gives the student a chance to respond in writing and in person. Appeals may be made to the Dean within 10 days of the decision.

12.2 Code of conduct

- Ragging in any form is prohibited and leads to immediate suspension.
- Respectful behaviour towards peers, staff and visitors is expected.
- Campus property must be protected; damage is recovered from the student.
- Use of drugs, alcohol and smoking on campus is prohibited.

13. Student Support Services

Service	What it offers	Access
Academic advising	Course planning, credit load, branch selection	Assigned faculty advisor
Learning support centre	Peer tutoring, writing help, exam skills workshops	Mon-Sat, 10:00-17:00
Counselling services	Confidential wellbeing support	Book via portal
Career services	Resume clinics, mock interviews, placements	Career portal
Library	Books, journals, e-resources, study rooms	8:00-21:00 on weekdays
Disability support	Exam accommodations, accessible materials	Apply in the first 2 weeks
Grievance cell	Academic and non-academic complaints	grievance@northbridge-sample.edu

13.1 Student clubs

Clubs include Coding, Robotics, Entrepreneurship, Finance, Debate, Photography, Music and Sports. Club participation is encouraged; office-bearers need a minimum CGPA of 6.0.

14. Graduation Requirements

To be awarded the degree, a student must:

• Complete all required credits for the programme as listed in Section 3.

• Achieve a final CGPA of at least 5.0.

• Clear all core, laboratory and project courses; no pending backlogs.

• Complete the internship and capstone/major project.

• Have no outstanding fees, library dues or disciplinary cases.

• Complete 40 hours of community service or equivalent co-curricular activity.

14.1 Convocation and documents

Document	Timeline
Provisional certificate	Within 15 days of the result
Final transcript	Within 30 days of application
Degree certificate	At the annual convocation
Medals and awards	Top 3 CGPA in each programme

15. Frequently Asked Questions

Q. Can I change my branch in BE?

A. Branch selection is at the end of Semester 2, by CGPA and seat availability. Changes later are not permitted.

Q. What is the minimum attendance?

A. 75% in each course; condonation is possible between 65% and 75% with valid reasons.

Q. How is CGPA calculated?

A. Sum of credits times grade points divided by total credits, see Section 9.

Q. How many attempts do I have to clear a course?

A. A maximum of 3 attempts.

Q. Is the internship mandatory?

A. Yes for all three programmes, with different durations.

Q. Can I use AI tools for assignments?

A. Only if the instructor permits it and you declare the use.

Q. When do I apply for re-evaluation?

A. Within 7 days of the result declaration, INR 1,000 per paper.

Q. How long can I take to finish the degree?

A. The nominal duration plus 2 years.

Q. What is the minimum CGPA to graduate?

A. 5.0.

Q. Who do I contact for a complaint?

A. The grievance cell at grievance@northbridge-sample.edu.
